

Track Your Money.

Print out this simple tracker to help kids record how much money they've spent, saved, and shared over the course of one month. After a month or two, use the tracker to plan for future goals.

Use this tracker to see how much money you spend, save and share over a month. Once you've done this for a month or two, use the tracker to plan for the next month. Then track to see how closely it matches your plan.
